Dear Parents/Guardians,

Kansas City Public Schools is pleased to provide the Tyler SIS-K12 Parent Portal for the upcoming 2014-15 school year. Access to the SIS-K12 Parent Portal is now available for student demographics, homework, attendance and assessment. Other features may be implemented at a later date.

What Is The Parent Portal?

The SIS-K12 Parent Portal is a secure internet-based website that will allow you to easily keep track of nearly everything your student(s) does while at school. This new service will allow you to view your student’s attendance, grades, schedule, progress, assignments, immunizations, emergency information, and it will even allow you to assist in selecting your student’s courses. The SIS-K12 Parent Portal is a free service and will be available to all parents with children enrolled in the district. A valid e-mail address and Internet access on your computer or cell phone is the only requirement needed to apply for this service.

How Do I Get Started With The Parent Portal?

In order to begin using the SIS-K12 Parent Portal, you will need to register for a login and password. By signing and returning the attached Application form and Acceptable Use Agreement, you are authorizing the KCPS to provide you with your unique login and password. Please return the form to your student’s school.

Your account will be created and information will be e-mailed to you within two weeks of receiving your completed application form.

The relationship that exists between the parent, student, and school can be one of the most powerful influences on a student’s success. By providing up-to-date and actionable information, we hope to encourage parental involvement, create connections within the school, and ensure that parents are always informed about their student’s activities. We are very excited to see the SIS-K12 Parent Portal help you stay better informed about your student’s progress and hope that you can use this tool to create a stronger relationship between parents and our school community.

If you have any questions or concerns, please contact your school directly.

Sincerely,

Kansas City Public Schools
