Upper Elementary 2019-2020 School Supply List

It is so important for students to have their supplies for school on the first day of school. This enables them to get organized immediately. We will begin work on the first day of school in several subjects. Organized students tend to be more successful.

**ALL of the supplies are community supplies, shared by the classroom. Please do not put your students name on supplies that will be done during the first week of school when we are organizing and preparing for work.**

If everyone brings everything on the list, then there won’t be a need to request extra supplies mid-year. Thank you.
